

The Power of Desktop Virtualization CHANGES EVERYTHING

The Virtual Revolution is here, with bundle solution offerings from Mainline.

Virtual Desktops Empower Productivity & Control

Businesses are rethinking how desktops are deployed and managed. With desktop virtualization, companies host individual desktops inside virtual machines running in their data center on more reliable, fault-tolerant x86 servers.

New Bundle Offering with a Price-Point Starting at Under \$400 Per Seat!

Mainline's new bundle offering is an industry first, pulling together IBM BladeCenter servers, VMware virtualization software and Wyse thin client devices, for a solution that not only eases implementation concerns, but also reduces:

- Total cost of ownership by up to 35%
- Setup and deployment time by 50%
- Power consumption by up to 90%
- Data loss by 100%!

Without compromising usability, employees can now access these virtualized desktops remotely from any PC or thin client in the world...true mobility, ultimate data protection, real control.

Through Mainline, desktop virtualization allows you to:

- Ease management & speed deployment
- Lower acquisition & support costs
- Improve data security & increase reliability
- Centralize maintenance & control
- Enhance disaster recovery

Find Out More

Desktop virtualization solutions from Mainline come in all shapes and sizes. To learn more about which bundle is best for your business, contact your Mainline representative or call us toll-free at **866.490.MAIN (6246)**. You can also reach us via email at solutions@mainline.com.

Traditional desktops are too demanding

Traditionally, desktops are purchased, deployed, maintained, repaired, upgraded and ultimately, recovered and disposed. More than 70% of the total cost of owning a desktop environment is the time and resources dedicated to managing these desktops.

But there is a better way.

The Power of Desktop Virtualization

CHANGES EVERYTHING

Bundle Solution Offerings from Mainline: Prices Starting at Under \$400 Per Seat!

100-User Basic Bundle offering starting at \$399 per seat

- 1 X IBM x3650-M3 Servers with 2 X Hex-core Intel Xeon CPU's, 64GB RAM, 1.8TB of SAS storage, 4 X 1Gb Ethernet ports, redundant power
 - All hardware comes with 3-year 9X5 basic response warranty
 - VMware View 4 Enterprise including View Manager, vCenter Server, vSphere VI4 and 1-year Production Support/Subscription for 100 concurrent users
 - 100 Wyse PC Extender licenses for repurposing customer supplied desktops
- Optional upgradeability to include Mainline VDI Technical Support for all solution elements purchased from Mainline Information Systems

300-User Basic Bundle offering starting at \$499 per seat

- 3 X IBM x3650-M3 Servers with 2 X Hex-core Intel Xeon CPU's, 64GB RAM, 1X dual port HBA adapter, 1 X USB ESXi boot Key, 4 X 1Gb Ethernet ports, redundant power
 - DS3400 fully redundant SAN with 7.2TB of SAS storage
 - All hardware comes with 3-year 9X5 basic response warranty
 - VMware View 4 Enterprise including View Manager, vCenter Server, vSphere VI4 and 1-year Production Support/Subscription for 300 concurrent users
 - 300 Wyse PC Extender licenses for repurposing customer supplied desktops
- Optional upgradeability to include Mainline VDI Technical Support for all solution elements purchased from Mainline Information Systems

700-User Basic Bundle offering starting at \$499 per seat

- IBM BladeCenter S Chassis
 - 2 X Cisco 10 port FC switches
 - 2 X Server Connectivity Modules
 - 6 X IBM HS22v Blade Servers with 2 X Hex-core Intel Xeon CPU's, 96GB RAM, 1X dual port HBA expansion card (CFF-v), 1 X USB ESXi boot Key, 1 X 2/4 port Ethernet expansion card (CFF-h) and redundant power
 - DS3400 fully redundant SAN with 18TB of SAS storage
 - All hardware comes with 3-year 9X5 basic response warranty
 - VMware View 4 Enterprise including View Manager, vCenter Server, vSphere VI4 and 1-year Production Support/Subscription for 700 concurrent users
 - 700 Wyse PC Extender licenses for repurposing customer supplied desktops
- Optional upgradeability to include Mainline VDI Technical Support for all solution elements purchased from Mainline Information Systems

700-User Basic Bundle Offering at the list price of \$799 per seat.

- IBM BladeCenter S Chassis
 - 2 X Cisco 10 port FC switches
 - 2 X Server Connectivity Modules
 - 6 X IBM HS22v Blade Servers with 2 X Hex-core Intel Xeon CPU's, 96GB RAM, 1X dual port HBA expansion card (CFF-v), 1 X USB ESXi boot Key, 1 X 2/4 port Ethernet expansion card (CFF-h) and redundant power
 - DS3400 fully redundant SAN with 8.7TB of storage
 - All hardware comes with 3-year on-site repair 24X7 4-hour response warranty
 - VMware View 4 Premier Bundle including View Composer, ThinApp, View Manager, vSphere VI4 and 1-year Production Support/Subscription for 700 concurrent users
 - 700 Wyse C50LE thin clients plus keyboards and mice
- Optional upgradeability to include Mainline VDI Technical Support for all solution elements purchased from Mainline Information Systems

1600-User Basic Bundle offering starting at \$499 per seat

- IBM BladeCenter H Chassis
 - 2 X Qlogic 20 port FC switches
 - 4 X Server Connectivity Modules
 - 14 X IBM HS22v Blade Servers with 2 X Hex-core Intel Xeon CPU's, 96GB RAM, 1X dual port HBA expansion card (CFF-v), 1 X USB ESXi boot Key, 1 X 2/4 port Ethernet expansion card (CFF-h) and redundant power
 - 3 X DS3400 fully redundant SAN with 36TB of storage
 - All hardware comes with 3-year 9X5 basic response warranty
 - VMware View 4 Enterprise including View Manager, vCenter Server, vSphere VI4 and 1-year Production Support/Subscription for 1600 concurrent users
 - 1600 Wyse PC Extender licenses for repurposing customer supplied desktops
- Optional upgradeability to include Mainline VDI Technical Support for all solution elements purchased from Mainline Information Systems

1600-User Performance Bundle starting at \$799 per seat

- IBM BladeCenter H Chassis
 - 2 X Qlogic 20 port FC switches
 - 4 X Server Connectivity Modules
 - 14 X IBM HS22v Blade Servers with 2 X Hex-core Intel Xeon CPU's, 96GB RAM, 1X dual port HBA expansion card (CFF-v), 1 X USB ESXi boot Key, 1 X 2/4 port Ethernet expansion card (CFF-h) and redundant power
 - 3 X DS3400 fully redundant SAN with 17TB of storage
 - All hardware comes with 3-year on-site repair 24X7 4-hour response warranty
 - VMware View 4 Premier Bundle including View Composer, ThinApp, View Manager, vSphere VI4 and 1-year Production Support/Subscription for 1600 concurrent users
 - 1600 Wyse C50LE thin clients plus keyboards and mice
- Optional upgradeability to include Mainline VDI Technical Support for all solution elements purchased from Mainline Information Systems

The above bundles were designed based on Mainline performance testing and real world customer data from over 30,000 seats that Mainline has deployed. While they reflect the average density seen in testing and production for knowledge and task workers, Mainline recommends a desktop analysis be performed to determine the optimal sizing and hardware selection as these numbers can vary widely. For more information on Mainline's sizing tool and benchmark data follow the URL below to the VMware website. <http://www.vmware.com/resources/techresources/10107>
